### **BBC Cllr Sharpe Report**

The culture conference on 25th June at the South Holland Centre, part of our NPO programme, was a huge success. Over 50 delegates attended and took part in workshops and networking sessions. The feedback has been brilliant and we look forward to the next annual conference in 2026.

The Boston Borough Council 'Love your Neighbourhood' competition has launched, with opportunities to win £100 for 1st place and £50 for 2nd place in the 'Best front/back garden' category. There is also a 'Best Village' and 'Best Communal or Community Garden' category.

Community groups and charities in Boston are invited to make sure people's voices are heard to help shape the future of the town in a new engagement initiative by Boston Town Board. The engagement toolkit is available at [www.bostontownboard.co.uk](http://www.bostontownboard.co.uk)

On Saturday 9th August, Boston Guildhall is hosting a talk by Dr Charlotte Carrington-Farmer from Rhode Island University on 'The world of Roger and Mary Williams'. Admission is free and tickets are available at [www.eventbrite.co.uk](http://www.eventbrite.co.uk) or from Boston Guildhall.

I have been dealing with some issues of overgrown hedges in the ward making footpaths narrower. Unfortunately, LCC have responded to say they are too busy to take enforcement action. I will continue to engage to see if anything can be done.

### **BBC Cllr Scoot Report**

The major thing that I have been working on since the last meeting of the Parish council is the smell coming from the Anglian Water treatment plant after receiving two complaints from ward members.

Apparently, the smell suppression system was not attached to the mains supply. I have been informed that Anglian Water are looking at rectifying this and looking at a system to recognise when the wind is in the direction to carry the smell towards the village. Unfortunately, this does not look like it will be fitted until October 2025 earliest. I have pointed out that this means our ward members will lose the opportunity of using their gardens for the rest of the summer.

Anglian Water are also looking at fitting a roof over the "cake" to reduce the smell "in the coming years". I have asked that they quantify that statement.
